"The world's a theatre, the earth a stage,
Which God and Nature do with actors fill."
--Heywood

The TOMAHAWK staff of 1959

presents the daily life and activities of

the students of Altamahaw-Ossipee School

to you in the form of a drama. It welcomes you

to this performance.

This play opens on the campus of A.-O. School.

The stage is set for another day—another of life's

dramas.

Each member of the cast is always active in this play;

the cast—the student body and teachers. Though many of us

are unaware of it, there is a different drama produced here every

day. No script is needed. All that is necessary is a cast and life itself.

As the story unfolds you will see many things which will be im-

printed in your heart and mind; in later years you may glance through this

book and re-live this drama. You are now ready for the first act of The Drama

of '59.

Becky Jones, Editor

Nimrod Harris, Associate Editor

We Dedicate

For ten years many of the scenes in the pageantry at Altamahaw-Ossipee were capably directed by our former teacher of Home Economics. Many a future homemaker learned to "sew a fine seam" and the other fundamentals of homemaking under her guidance. Whether the request was to plan a party or to put the finishing touch on an evening dress, she proved willing and able. Her sweet smile, her willingness to spend hours of extra time for "her girls," and her devotion to teaching have earned for MRS. RACHEL TROXLER a special "Oscar." As she is now putting into practice the art of homemaking, so are many of those who were her students.

Administration

Directors of A.-O.'s daily drama are the principal and the local school committee. Their services to the school and community are invaluable and under their direction the "opening night" becomes a hit.

Every class, activity, student, and teacher is recognized in the TOMAHAWK. For approximately five busy months, the staff, chosen by the editors for their interest and capabilities, works hard in salesmanship and advertising, in lay-out and photography. By working in one or more of these fields, each staff member gains some knowledge of the making of an annual. Through the efforts of every staff member, a successful yearbook is produced.

The 1958 TOMAHAWK received a first place rating from the Columbia Scholastic Press Association.

In order that the "Hub," the school newspaper, may be published six times yearly, the members of the staff sell ads once each year.

The purpose of the "Hub" is to bring to the parents and friends of Altamahaw-Ossipee School news, features, sports, and other items of interest. Graded by the Columbia Scholastic Press Association, the "Hub" can boast a fine rating record over the past years.

One ambition which all of the students at A.-O. have in common is their desire to be in the Student Council, our most vital organization.

The Student Council provides student leadership in governing the school and interpreting school functions to the community. Other projects include operating the concession stand at athletic events, directing fire drills, and caring for the flag.

Not only does the Student Council pass governing laws but it also acts as a judge and ruling power in carrying them out in accordance with school standards.

Students who have lettered are eligible for membership in the Monogram Club on the approval of two-thirds of the club. The Monogram Club has tapping twice a year. Only the advisers know who will be tapped prior to the ceremony.

The Monogram Club has undertaken several projects-operating the school store, sponsoring athletic banquets, encouraging better sportsmanship, supplying money for the athletic fund, and also support the teams in any way possible.

A day for which all of the students at A.-O. await with anxiety is the yearly tapping of the National Honor Society. Its members are elected on the basis of scholarship, leadership, character, and service.

Some of its projects include purchasing warm-up jackets for the boys' basketball team and sponsoring sock-hops.

The Honor Society's main objective is to promote interest in scholarship and citizenship among the students of Altamahaw-Ossipee.

To become a teacher is the aim of each member of the F. T. A. This club enables us to better learn the factors which are essential in making a good teacher. Here at A.-O., this club presents a gift to the school annually and does many other things in an effort to make a better school. Members often assist teachers when an emergency arises.

Girls who belong to the Future Homemakers of America gain valuable experience and training in preparation for filling their role as homemakers. Their varied activities make them important players in the role of "homemakers." "Toward New Horizons" is the Motto which each girl attempts to follow at home and at school.

F. F. A.

Our F. F. A. Chapter is one of five in this county. The chapter was organized for the purpose of leadership training, community development, and development of social life. Chapter members participate in numerous local, county, and even state events and activities. Meetings are held the first Monday night in each month. New members are initiated as Green Hands each fall.

Future Farmers of America are rehearsing for a major production—they will become stars in the role of farming.

The handymen of the "Drama of '59" are the Explorers' Club. These men have projects each year, a few of these are: shop work, races with kayaks which they have built, building models and book cases.

The stage hands are always ready to set up or repair scenery for any occasion which might arise. These men are the backbone of A.-O.'s "Drama of '59."

Marvin adds finishing touches.

Wayne Foster (President), Harry Somers (Vice President), David Smithey (Secretary-Treasurer).

The purpose of this club is to emphasize to the students the importance of the library. Club members and library assistants, with the help of the librarian, are constantly seeking new ways to improve the library for the benefit of the students.

Marshals

As in most productions, the actors, stagehands, and others are responsible for the success of the performance. Here, there are five Juniors at the final performance who escort honored guests to their seats and serve as hostesses. These Juniors are the five with the highest scholastic averages and are chosen each year to serve as marshals. This is the highest academic honor a Junior can attain.

No drama is complete without music. The A.-O. Glee Club is ready to perform on all occasions. More students share in the glee club than in any other extra-curricular activity. This group is called on to add music to many programs during the year and normally present a Christmas concert and one in the spring.
